EDUCATION

Bachelor of Computer Application | 2022-2025

Veer Narmad South Gujarat University (VNSGU), Surat

- Relevant Coursework: react , node js, express , html , css , java script , php , mongoDB , MySQL

PROJECTS

Mobile Shop Website

5th Semester Project | HTML, CSS, JavaScript, PHP, MySQL

- Built a fully functional e-commerce style website for a mobile shop.
- Features included dashboard, user login & registration, product management, and a responsive design.
- Integrated MySQL database for secure data storage and dynamic functionality.

Home Renovation Website (3D Interactive)

6th Semester Project | React, Node.js, Express, MongoDB, Framer Motion

- Developed an innovative 3D home renovation platform where users could visualize and customize their home renovations in real-time.
- Implemented dashboard, authentication (login & registration), and responsive design for seamless user experience.
- Used Framer Motion for smooth animations and interactivity, enhancing the 3D visualization experience.
